

Community	Councils	HELP FORM
"You Talk – We Listen"		

This form is provided so you can pass questions or requests to the **meeting Chairs** just before or during a **Community Council meeting** which you are attending. This is intended to make it easy for anyone to take part. You might want to use this form if:

- You prefer not to speak yourself,
- You prefer to have your question raised anonymously, or
- You need help with an issue after the day of the meeting

The **meeting Chairs** will decide whether to:

- Read out your question, request or comment during the meeting,
- Ask a Councillor to look into the issue
- Ask a Council Officer or Department to look into the issue
- Refer the issue to the Waltham Forest Direct enquiry service,
- Or he or she may wish to respond personally.

If you wish, you can mark the options you prefer above. You should hand your form to a member of staff, or to either Chair, preferably before the Community Forum.
